Telephone: 03300 245 204 Email: warwickshireschoolhealth@compass-uk.org

Dear Parent/carer,

We are a school nursing service, responsible for the delivery of the Healthy Child Programme 5-19, led by school nurses for the promotion, prevention and protection of children and young people's health and wellbeing. Our service is available to all Warwickshire school aged children and young people from 5-19 years old (up to 25 years old for people with special educational needs).

In order to support parents we have created the [Ready For School](#) webpage to support children starting school. We would like to invite you to complete an online questionnaire to tell us about your child's health and identify any support you may need as a family. You can watch our [School Health introduction video](#) for further information on completing the questionnaire. Your child's school will send you a link to register and access the questionnaire.
