

Curdworth Primary Newsletter Issue 15

What's happening at Curdworth...

School Council met this week and discussed ideas to raise money for more Science equipment. They came up with: a sponsored walk or run; a bake sale; dress like a scientist day; messy science/fun science day. I await to be informed on what they have decided... watch this space! They also shared their views of the wooden benches gifted to us at the start of the academic year by the Curdworth Parish Council:

'I think they are really good but it is a shame when they get wet. I like that they have our class animals on them.' PB

'The benches are really good for when people get tired and need to rest during marathon kids or after football.' HM

Next week we have Bike-ability taking place for Year 5/6 children who have booked on. Please park children's bikes under the sheltered area outside the squirrel's classroom and along the mental fencing directly opposite the KS2 door. I recommend children bringing a plastic bag to tie over their seat incase it rains whilst the bikes are parked up.

Have a good weekend, Mrs Kang 😊

IMPORTANT NOTICE – please refrain from vaping on the school car park & driveway when dropping off and collecting children.

Paris 2024 (Year 5) – if your child is interested in attending the Paris 2024 trip please book their place through paying the deposit on MCAS. If you have any issues, please contact Mrs Teasdale in the office.

2023

16th – 20th Jan Year 5/6 Bike-ability
